Staff Summary of Public Testimony: PRO: This is only authorizing language and doesn't require any new technology or expenditures. The use of a picture will help us to verify identity during traffic stops and other law enforcement activities. We believe that this bill will have a positive impact in helping us to detect identity theft and keeping folks who are inappropriately arrested because someone has used their name/stolen an identity.

The entire membership of WASPC has endorsed this legislation. It is a very useful tool to expedite the detection of criminal activity and exculpate innocent people.

Persons Testifying: PRO: Don Pierce, Washington Association of Sheriffs and Police Chiefs; Dusty Pierpoint, Lacey Police Department; Scott Smith, Tulalip Police Department.
